### **ONLINE RESOURCES RECOGNIZED FOR HIGH GROWTH**

**CHANTILLY, Va., November 14, 2008** – Online Resources Corporation (Nasdaq: ORCC), a leading provider of online financial services, today announced it has been named one of the nation's 500 fastest growing technology companies by Deloitte for the fifth time in eight years.

The 2008 Deloitte Technology Fast 500 rankings are based on percentage revenue growth from 2003 to 2007. Online Resources' growth rate for that period was over 250 percent.

"As our Company undergoes a major transformation, this recognition is a reminder that we are on the right track," stated Matthew P. Lawlor, chairman and chief executive officer of Online Resources. "A few years ago we set some strategic growth goals to transform our company into a major force in online financial and payment services. Today we have reached many of those goals, as we have expanded our services into complementary markets, established a strong competitive position and achieved scale."

"Deloitte's Technology Fast 500 recognizes companies who have achieved extraordinary growth in North America's most innovative and competitive market sectors," said Phil Asmundson, Deloitte LLP vice chairman and national managing partner for Technology, Media and Telecommunications. "We congratulate Online Resources on this significant accomplishment."

#### **Fast 500 Selection and Qualifying Criteria**

The Fast 500 ranks the fastest growing technology, media, telecommunications and life sciences companies in North America. It is compiled from Deloitte's regional North American Fast 50 programs, nominations submitted directly to the Fast 500, and public company database research. Companies are selected based on percentage revenue growth from 2003 to 2007.

Entrants must own proprietary intellectual property or proprietary technology that contributes to a significant portion of the company's operating revenues or devote a significant proportion of revenues to research and development of technology. Using other companies' technology or intellectual property in a unique way does not qualify. Base-year operating revenues must be at least \$50,000 USD or \$75,000 CD, and current-year operating revenues must be at least \$5 million USD or CD. Companies must be in business a minimum of five years, and they must be headquartered within North America.

### **About Online Resources**

Online Resources (Nasdaq: ORCC) powers financial interactions between millions of consumers and the company's financial institution and biller clients. Backed by its proprietary payments gateway that links banks directly with billers, the company provides web and phone-based financial services, electronic payments and marketing services to drive consumer adoption. Founded in 1989, Online Resources is the largest financial technology provider dedicated to the online channel. For more information, visit [www.orcc.com](http://www.orcc.com).

### **About Deloitte**

As used in this document, "Deloitte" means Deloitte LLP. Please see [www.deloitte.com/about](http://www.deloitte.com/about) for a detailed description of the legal structure of Deloitte LLP and its subsidiaries.

*This news release contains statements about future events and expectations, which are "forward-looking statements." Any statement in this release that is not a statement of historical fact may be deemed to be a forward-looking statement. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Specifically factors that might cause such a difference include, but are not limited to the Company's: history of losses; dependence on the marketing efforts of third parties; potential fluctuations in operating results; ability to make and successfully integrate acquisitions of new businesses; potential need for additional capital; potential inability to prevent systems failures and security breaches; potential inability to expand services and related products in the event of substantial increases in demand; competition; ability to attract and retain skilled personnel; reliance on patents and other intellectual property; exposure to the early stage of market adoption of the services it offers; exposure to the consolidation of the banking and financial services industry; and additional risks and uncertainties discussed in filings made by the Company with the Securities and Exchange Commission, including those risks and uncertainties contained under the heading "Risk Factors" in the Company's Form 10-K, latest 10-Q, and S-3 as filed with the Securities and Exchange Commission. These factors should be considered in evaluating the forward-looking statements, and undue reliance should not be placed on such statements.*
